

Index to Volume 33

Index au volume 33

The *Journal of Psychiatry & Neuroscience* is indexed according to the medical subject headings established by the National Library of Medicine, US National Institutes of Health.

The title for each article is followed by a code that designates the article's category. The categories used in this volume are listed below.

La *Revue de psychiatrie & de neuroscience* est indexée par vedette-matière selon la nomenclature de la National Library of Medicine des National Institutes of Health aux États-Unis.

Chaque titre d'article est suivi d'un code indiquant à quelle catégorie l'article appartient. Les catégories utilisées dans ce volume sont les suivantes:

Brief Report / Rapport sommaire (Brief)
CCNP News and Views / Nouvelles et opinions du CCNP (CCNP)
Editorial / Éditorial (E)
Psychopharmacology for the Clinician / Psychopharmacologie pratique (Psychopharm)
Research Paper / Article de recherche (Res)
Review Paper / Examen critique (Rev)

Subjects / Sujets

-A-

Affective disorders, psychotic

Subacute alteration in level of consciousness in a woman with psychotic depression (Samaan and MacQueen) (Psychopharm) 280

Aged

Serotonin transporter genotype interacts with paroxetine plasma levels to influence depression treatment response in geriatric patients (Lotrich and others) (Res) 123

Aggression

Serotonin_{2A} receptor binding potential in people with aggressive and violent behaviour (Meyer and others) (Res) 499

Agoraphobia

Combined antidepressants and CBT for panic disorder with agoraphobia (Coupland) (Psychopharm) 176

Alcoholism

The auditory-visual integration of anger is impaired in alcoholism: an event-related potentials study (Maurage and others) (Res) 111

Alzheimer disease

Frontal lobe hypoperfusion and depressive symptoms in Alzheimer disease (Levy-Cooperman and others) (Res) 218

Amygdala

Effect of hippocampal and amygdala volumes on clinical outcomes in major depression: a 3-year prospective magnetic resonance imaging study (Frodl and others) (Res) 423

Hippocampus and amygdala morphology in adults with attention-deficit hyperactivity disorder (Perlov and others) (Res) 509

Animals

Chronic nicotine treatment induces rat CYP2D in the brain but not in the liver: an investigation of induction and time course (Yue and others) (Res) 54

Anticonvulsants

Subacute alteration in level of consciousness in a woman with psychotic depression (Samaan and MacQueen) (Psychopharm) 280

Antidepressive agents

Combined antidepressants and CBT for panic disorder with agoraphobia (Coupland) (Psychopharm) 176

Do antidepressants really work? (Blier) (E) 89

Fish oils for depression? (Young) (Psychopharm) 80

Perinatal depression: treatment options and dilemmas (Pearlstein) (Rev) 302

Treating depression during pregnancy (Steiner) (Psychopharm) 384

What is the best treatment for bipolar depression? (Young) (E) 487

Antiobesity agents

Implementing antiobesity treatment in a patient with a mood disorder (Taylor) (Psychopharm) 555

Anxiety

Treating depression during pregnancy (Steiner) (Psychopharm) 384

Anxiety disorders

Advances in neurobiology assessment and treatment of female-specific mood disorders (Steiner) (E) 289

Aromatase

Sex steroid-related candidate genes in psychiatric disorders (Westberg and Eriksson) (Rev) 319

Attention

Visual processing of social context during mental state perception in schizophrenia (Green and others) (Res) 34

Attention deficit and disruptive behaviour disorders

Cerebral ventricular volume and temperamental difficulties in infancy. The Generation R Study (Roza and others) (Res) 431

Attention deficit disorder with hyperactivity

Hippocampus and amygdala morphology in adults with attention-deficit hyperactivity disorder (Perlov and others) (Res) 509

Relation of maternal stress during pregnancy to symptom severity and response to treatment in children with ADHD (Grizenko and others) (Res) 10

Autistic disorder

Variable cortisol circadian rhythms in children with autism and anticipatory stress (Corbett and others) (Res) 227

-B-

Bipolar disorder

BDNF protein levels are decreased in transformed lymphoblasts from lithium-responsive patients with bipolar disorder (Tseng and others) (Brief) 449

A comparison of affected and unaffected relatives of patients with bipolar disorder using proton magnetic resonance spectroscopy (Hajek and others) (Res) 531

Effects of mood stabilizers on DNA damage in an animal model of mania (Andreazza and others) (Res) 516

Implementing antiobesity treatment in a patient with a mood disorder (Taylor) (Psychopharm) 555

Reduced subgenual cingulate volumes in mood disorders: a meta-analysis (Hajek and others) (Rev) 91

Smoking cessation: the psychiatrist's role (Delva) (Psychopharm) 480

What is the best treatment for bipolar depression? (Young) (E) 487

Blotting, Southern

Short telomeres in patients with chronic schizophrenia who show a poor response to treatment (Yu and others) (Brief) 244

Brain

Chronic nicotine treatment induces rat CYP2D in the brain but not in the liver: an investigation of induction and time course (Yue and others) (Res) 54

Brain-derived neurotrophic factor

BDNF protein levels are decreased in transformed lymphoblasts from lithium-responsive patients with bipolar disorder (Tseng and others) (Brief) 449

Brain diseases

Alterations of white matter integrity in adults with major depressive disorder: a magnetic resonance imaging study (Zou and others) 525

Breastfeeding

Perinatal depression: treatment options and dilemmas (Pearlstein) (Rev) 302

-C-**Canadian College of Neuropsychopharmacology**

2008 Award Winners (CCNP) 355

Central nervous system

Chronic nicotine treatment induces rat CYP2D in the brain but not in the liver: an investigation of induction and time course (Yue and others) (Res) 54

Cerebellum

Predictive saccades are impaired in biological nonpsychotic siblings of schizophrenia patients (Amado and others) (Res) 17

Child development

Cerebral ventricular volume and temperamental difficulties in infancy. The Generation R Study (Roza and others) (Res) 431

Circadian rhythm

Variabile cortisol circadian rhythms in children with autism and anticipatory stress (Corbett and others) (Res) 227

Cognition

Compensatory hyperactivations as markers of latent working memory dysfunctions in patients with obsessive-compulsive disorder: an fMRI study (Henseler and others) (Res) 209

Prefrontal executive function and D₁, D₃, 5-HT_{2A} and 5-HT₆ receptor gene variations in healthy adults (Lane and others) (Res) 47

Cognitive therapy

Combined antidepressants and CBT for panic disorder with agoraphobia (Coupland) (Psychopharm) 176

Rostral anterior cingulate volume predicts treatment response to cognitive-behavioural therapy for posttraumatic stress disorder (Bryant and others) (Brief) 142

Combined modality therapy

Combined antidepressants and CBT for panic disorder with agoraphobia (Coupland) (Psychopharm) 176

Fish oils for depression? (Young) (Psychopharm) 80

Computed tomography

Subacute alteration in level of consciousness in a woman with psychotic depression (Samaan and MacQueen) (Psychopharm) 280

Conduct disorder

Is fetal brain monoamine oxidase inhibition the missing link between maternal smoking and conduct disorders? (Baler and others) (Rev) 187

Contraceptives, oral

Premenstrual dysphoric disorder: burden of illness and treatment update (Pearlstein and Steiner) (Rev) 291

Cortisol

Variabile cortisol circadian rhythms in children with autism and anticipatory stress (Corbett and others) (Res) 227

Cyclohexanols

Combined antidepressants and CBT for panic disorder with agoraphobia (Coupland) (Psychopharm) 176

Cytochrome P450 enzyme system

Chronic nicotine treatment induces rat CYP2D in the brain but not in the liver: an investigation of induction and time course (Yue and others) (Res) 54

-D-**Depression**

Do antidepressants really work? (Blier) (E) 89

Enhanced rostral anterior cingulate cortex activation during cognitive control is related to orbitofrontal volume reduction in unipolar depression (Wagner and others) (Res) 199

Frontal lobe hypoperfusion and depressive symptoms in Alzheimer disease (Levy-Cooperman and others) (Res) 218

Implication of the polyamine system in mental disorders (Fiori and Turecki) (Rev) 102

Perinatal depression: treatment options and dilemmas (Pearlstein) (Rev) 302

Reproductive hormone sensitivity and risk for depression across the female life cycle: A continuum of vulnerability? (Soares and Zitek) (Rev) 331

Serotonin receptor subtype and p11 mRNA expression in stress-relevant brain regions of suicide and control subjects (Anisman and others) (Res) 131

Serotonin transporter genotype interacts with paroxetine plasma levels to influence depression treatment response in geriatric patients (Lotrich and others) (Res) 123

Subacute alteration in level of consciousness in a woman with psychotic depression (Samaan and MacQueen) (Psychopharm) 280

Treating depression during pregnancy (Steiner) (Psychopharm) 384

Depressive disorder

Enhanced rostral anterior cingulate cortex activation during cognitive control is related to orbitofrontal volume reduction in unipolar depression (Wagner and others) (Res) 199

Reduced subgenual cingulate volumes in mood disorders: a meta-analysis (Hajek and others) (Rev) 91

What is the best treatment for bipolar depression? (Young) (E) 487

Depressive disorder, major

Alterations of white matter integrity in adults with major depressive disorder: a magnetic resonance imaging study (Zou and others) 525

Effect of hippocampal and amygdala volumes on clinical outcomes in major depression: a 3-year prospective magnetic resonance imaging study (Frodol and others) (Res) 423

Fish oils for depression? (Young) (Psychopharm) 80

A major single nucleotide polymorphism of the *PDLIM5* gene associated with recurrent major depressive disorder (Liu and others) (Res) 43

Diabetes mellitus

Diabetes mellitus during pregnancy and increased risk of schizophrenia in offspring: a review of the evidence and putative mechanisms (Van Lieshout and Voruganti) (Rev) 395

5,7-dihydroxytryptamine creatinine

Serotonin_{1B} heteroreceptor activation induces an antidepressant-like effect in mice with an alteration of the serotonergic system (Chenu and others) (Res) 541

DNA damage

Effects of mood stabilizers on DNA damage in an animal model of mania (Andreazza and others) (Res) 516

DNA restriction enzymes

Short telomeres in patients with chronic schizophrenia who show a poor response to treatment (Yu and others) (Brief) 244

Dopamine

Effects of mood stabilizers on DNA damage in an animal model of mania (Andreazza and others) (Res) 516

-E-**Emotion**

The auditory-visual integration of anger is impaired in alcoholism: an event-related potentials study (Maurage and others) (Res) 111

Enzyme-linked immunosorbent assay

BDNF protein levels are decreased in transformed lymphoblasts from lithium-responsive patients with bipolar disorder (Tseng and others) (Brief) 449

Escitalopram

Treating depression during pregnancy (Steiner) (Psychopharm) 384

Estrogens

Reproductive hormone sensitivity and risk for depression across the female life cycle: A continuum of vulnerability? (Soares and Zitek) (Rev) 331

Event-related potentials

The auditory-visual integration of anger is impaired in alcoholism: an event-related potentials study (Maurage and others) (Res) 111

Evoked potentials

Failure of language lateralization in schizophrenia patients: an ERP study on early linguistic components (Spironelli and others) (Res) 235

Eye movements

Visual processing of social context during mental state perception in schizophrenia (Green and others) (Res) 34

-F-**Facial expression**

The auditory-visual integration of anger is impaired in alcoholism: an event-related potentials study (Maurage and others) (Res) 111

Visual processing of social context during mental state perception in schizophrenia (Green and others) (Res) 34

Family

Predictive saccades are impaired in biological nonpsychotic siblings of schizophrenia patients (Amado and others) (Res) 17

Fetal development

Cerebral ventricular volume and temperamental difficulties in infancy. The Generation R Study (Roza and others) (Res) 431

Fetal hypoxia

Diabetes mellitus during pregnancy and increased risk of schizophrenia in offspring: a review of the evidence and putative mechanisms (Van Lieshout and Voruganti) (Rev) 395

Fish oils

Fish oils for depression? (Young) (Psychopharm) 80

-G-**Gyrus cinguli**

Reduced subgenual cingulate volumes in mood disorders: a meta-analysis (Hajek and others) (Rev) 91

-H-**Hemispheric asymmetry**

Failure of language lateralization in schizophrenia patients: an ERP study on early linguistic components (Spironelli and others) (Res) 235

Heredity

Predictive saccades are impaired in biological nonpsychotic siblings of schizophrenia patients (Amado and others) (Res) 17

Hippocampus

Effect of hippocampal and amygdala volumes on clinical outcomes in major depression: a 3-year prospective magnetic resonance imaging study (Frodl and others) (Res) 423

Hippocampus and amygdala morphology in adults with attention-deficit hyperactivity disorder (Perlov and others) (Res) 509

Hormone replacement therapy

Reproductive hormone sensitivity and risk for depression across the female life cycle: A continuum of vulnerability? (Soares and Zitek) (Rev) 331

Hyponatremia

Subacute alteration in level of consciousness in a woman with psychotic depression (Samaan and MacQueen) (Psychopharm) 280

-I-**Inappropriate ADH syndrome**

Subacute alteration in level of consciousness in a woman with psychotic depression (Samaan and MacQueen) (Psychopharm) 280

Infection

Maternal infection during pregnancy and schizophrenia (Boksa) (E) 183

Influenza, human

Maternal infection during pregnancy and schizophrenia (Boksa) (E) 183

Inhibition

The neural networks of inhibitory control in posttraumatic stress disorder (Falconer and others) (Res) 413

Irritable mood

A new female-specific irritability rating scale (Born and others) (Res) 344

-L-**Language**

Failure of language lateralization in schizophrenia patients: an ERP study on early linguistic components (Spironelli and others) (Res) 235

Lithium

BDNF protein levels are decreased in transformed lymphoblasts from lithium-responsive patients with bipolar disorder (Tseng and others) (Brief) 449

Effects of mood stabilizers on DNA damage in an animal model of mania (Andreazza and others) (Res) 516

-M-**Magnetic resonance imaging**

Alterations of white matter integrity in adults with major depressive disorder: a magnetic resonance imaging study (Zou and others) 525

Compensatory hyperactivations as markers of latent working memory dysfunctions in patients with obsessive-compulsive disorder: an fMRI study (Henseler and others) (Res) 209

Effect of hippocampal and amygdala volumes on clinical outcomes in major depression: a 3-year prospective magnetic resonance imaging study (Frodl and others) (Res) 423

Enhanced rostral anterior cingulate cortex activation during cognitive control is related to orbitofrontal volume reduction in unipolar depression (Wagner and others) (Res) 199

Frontal lobe hypoperfusion and depressive symptoms in Alzheimer disease (Levy-Cooperman and others) (Res) 218

Microstructural thalamic changes in schizophrenia: a combined anatomic and diffusion weighted magnetic resonance imaging study (Agarwal and others) (Res) 440

Provocation of obsessive-compulsive symptoms: a quantitative voxel-based meta-analysis of functional neuroimaging studies (Rotge and others) (Rev) 405

Reduced subgenual cingulate volumes in mood disorders: a meta-analysis (Hajek and others) (Rev) 91

Rostral anterior cingulate volume predicts treatment response to cognitive-behavioural therapy for posttraumatic stress disorder (Bryant and others) (Brief) 142

Magnetic resonance imaging, functional

Brain response to visual sexual stimuli in homosexual pedophiles (Schiffer and others) (Res) 23

Magnetic resonance spectroscopy

A comparison of affected and unaffected relatives of patients with bipolar disorder using proton magnetic resonance spectroscopy (Hajek and others) (Res) 531

Maternal-fetal exchange

Is fetal brain monoamine oxidase inhibition the missing link between maternal smoking and conduct disorder? (Baler and others) (Rev) 187

Mediodorsal thalamic nucleus

The mediodorsal thalamic nucleus and schizophrenia (Alelú-Paz and others) (Rev) 489

Memory

Compensatory hyperactivations as markers of latent working memory dysfunctions in patients with obsessive-compulsive disorder: an fMRI study (Henseler and others) (Res) 209

Menopause

Reproductive hormone sensitivity and risk for depression across the female life cycle: A continuum of vulnerability? (Soares and Zitek) (Rev) 331

Mental disorders

Implication of the polyamine system in mental disorders (Fiori and Turecki) (Rev) 102

Metabolism

Chronic nicotine treatment induces rat CYP2D in the brain but not in the liver: an investigation of induction and time course (Yue and others) (Res) 54

Methylphenidate

Relation of maternal stress during pregnancy to symptom severity and response to treatment in children with ADHD (Grizenko and others) (Res) 10

Mice, knockout

Serotonin_{1B} heteroreceptor activation induces an antidepressant-like effect in mice with an alteration of the serotonergic system (Chenu and others) (Res) 541

Models, animal

Effects of mood stabilizers on DNA damage in an animal model of mania (Andreazza and others) (Res) 516

Monoamine oxidase

Is fetal brain monoamine oxidase inhibition the missing link between maternal smoking and conduct disorder? (Baler and others) (Rev) 187
Serotonin_{1B} heteroreceptor activation induces an antidepressant-like effect in mice with an alteration of the serotonergic system (Chenu and others) (Res) 541

Mood disorders

Advances in neurobiology assessment and treatment of female-specific mood disorders (Steiner) (E) 289

Motor activity

The neural networks of inhibitory control in posttraumatic stress disorder (Falconer and others) (Res) 413

-N-**N150**

Failure of language lateralization in schizophrenia patients: an ERP study on early linguistic components (Spironelli and others) (Res) 235

Neurobiology

The neurobiology of human social behaviour: an important but neglected topic (Young) (E) 391

Neurophysiology

The neural networks of inhibitory control in posttraumatic stress disorder (Falconer and others) (Res) 413

Neurosciences

Microstructural thalamic changes in schizophrenia: a combined anatomic and diffusion weighted magnetic resonance imaging study (Agarwal and others) (Res) 440

Nicotine

Chronic nicotine treatment induces rat CYP2D in the brain but not in the liver: an investigation of induction and time course (Yue and others) (Res) 54

-O-**Obsessive-compulsive disorder**

Compensatory hyperactivations as markers of latent working memory dysfunctions in patients with obsessive-compulsive disorder: an fMRI study (Henseler and others) (Res) 209
Provocation of obsessive-compulsive symptoms: a quantitative voxel-based meta-analysis of functional neuroimaging studies (Rotge and others) (Rev) 405

Orlistat

Implementing antiobesity treatment in a patient with a mood disorder (Taylor) (Psychopharm) 555

Oxidative stress

Effects of mood stabilizers on DNA damage in an animal model of mania (Andreazza and others) (Res) 516

-P-**Parkinson disease**

Chronic nicotine treatment induces rat CYP2D in the brain but not in the liver: an investigation of induction and time course (Yue and others) (Res) 54

Paroxetine

Serotonin transporter genotype interacts with paroxetine plasma levels to influence depression treatment response in geriatric patients (Lotrich and others) (Res) 123

PDLIM5

A major single nucleotide polymorphism of the *PDLIM5* gene associated with recurrent major depressive disorder (Liu and others) (Res) 43

Pedophilia

Brain response to visual sexual stimuli in homosexual pedophiles (Schiffer and others) (Res) 23

Peer review

Journal of Psychiatry and Neuroscience peer review process with advice for authors (Young) (E) 7

Polyamines

Implication of the polyamine system in mental disorders (Fiori and Turecki) (Rev) 102

Polymorphism, genetic

Sex steroid-related candidate genes in psychiatric disorders (Westberg and Eriksson) (Rev) 319

Polymorphism, single nucleotide

A major single nucleotide polymorphism of the *PDLIM5* gene associated with recurrent major depressive disorder (Liu and others) (Res) 43

Positron-emission tomography

Provocation of obsessive-compulsive symptoms: a quantitative voxel-based meta-analysis of functional neuroimaging studies (Rotge and others) (Rev) 405
Serotonin_{2A} receptor binding potential in people with aggressive and violent behaviour (Meyer and others) (Res) 499

Postpartum period

Perinatal depression: treatment options and dilemmas (Pearlstein) (Rev) 302

Prefrontal

Prefrontal executive function and D₁, D₂, 5-HT_{2A} and 5-HT₆ receptor gene variations in healthy adults (Lane and others) (Res) 47

Pregnancy

Maternal infection during pregnancy and schizophrenia (Boksa) (E) 183
Perinatal depression: treatment options and dilemmas (Pearlstein) (Rev) 302
Relation of maternal stress during pregnancy to symptom severity and response to treatment in children with ADHD (Grizenko and others) (Res) 10
Reproductive hormone sensitivity and risk for depression across the female life cycle: A continuum of vulnerability? (Soares and Zitek) (Rev) 331
Treating depression in pregnancy (Steiner) (Psychopharm) 384

Premenstrual syndrome

- Premenstrual dysphoric disorder: burden of illness and treatment update (Pearlstein and Steiner) (Rev) 291
- Reproductive hormone sensitivity and risk for depression across the female life cycle: A continuum of vulnerability? (Soares and Zitek) (Rev) 331

Psychotic disorders

- Microstructural thalamic changes in schizophrenia: a combined anatomic and diffusion weighted magnetic resonance imaging study (Agarwal and others) (Res) 440
- Predictive saccades are impaired in biological nonpsychotic siblings of schizophrenia patients (Amado and others) (Res) 17

Publishing

- Journal of Psychiatry and Neuroscience* peer review process with advice for authors (Young) (E) 7

-R-**Receptors, androgen**

- Sex steroid-related candidate genes in psychiatric disorders (Westberg and Eriksson) (Rev) 319

Receptor, dopamine, D₁

- Prefrontal executive function and D₁ D₃ 5-HT_{2A} and 5-HT₆ receptor gene variations in healthy adults (Lane and others) (Res) 47

Receptor, dopamine, D₃

- Prefrontal executive function and D₁ D₃ 5-HT_{2A} and 5-HT₆ receptor gene variations in healthy adults (Lane and others) (Res) 47

Receptors, estrogen

- Sex steroid-related candidate genes in psychiatric disorders (Westberg and Eriksson) (Rev) 319

Receptors, progesterone

- Sex steroid-related candidate genes in psychiatric disorders (Westberg and Eriksson) (Rev) 319

Receptors, serotonin

- Serotonin receptor subtype and p11 mRNA expression in stress-relevant brain regions of suicide and control subjects (Anisman and others) (Res) 131
- Serotonin_{1B} heteroreceptor activation induces an antidepressant-like effect in mice with an alteration of the serotonergic system (Chenu and others) (Res) 541

Receptor, serotonin, 5-HT_{2A}

- Prefrontal executive function and D₁ D₃ 5-HT_{2A} and 5-HT₆ receptor gene variations in healthy adults (Lane and others) (Res) 47
- Serotonin_{2A} receptor binding potential in people with aggressive and violent behaviour (Meyer and others) (Res) 499

Receptor, serotonin, 5-HT₆

- Prefrontal executive function and D₁ D₃ 5-HT_{2A} and 5-HT₆ receptor gene variations in healthy adults (Lane and others) (Res) 47

Recognition potential

- Failure of language lateralization in schizophrenia patients: an ERP study on early linguistic components (Spironelli and others) (Res) 235

-S-**Schizophrenia**

- Diabetes mellitus during pregnancy and increased risk of schizophrenia in offspring: a review of the evidence and putative mechanisms (Van Lieshout and Voruganti) (Rev) 395
- Failure of language lateralization in schizophrenia patients: an ERP study on early linguistic components (Spironelli and others) (Res) 235
- Implication of the polyamine system in mental disorders (Fiori and Turecki) (Rev) 102
- Maternal infection during pregnancy and schizophrenia (Boksa) (E) 183

- The mediodorsal thalamic nucleus and schizophrenia (Alelú-Paz and others) (Rev) 489
- Short telomeres in patients with chronic schizophrenia who show a poor response to treatment (Yu and others) (Brief) 244
- Visual processing of social context during mental state perception in schizophrenia (Green and others) (Res) 34

Serotonin

- Serotonin transporter genotype interacts with paroxetine plasma levels to influence depression treatment response in geriatric patients (Lotrich and others) (Res) 123
- Serotonin_{2A} receptor binding potential in people with aggressive and violent behaviour (Meyer and others) (Res) 499

Serotonin uptake inhibitors

- Premenstrual dysphoric disorder: burden of illness and treatment update (Pearlstein and Steiner) (Rev) 291

Setoperone

- Serotonin_{2A} receptor binding potential in people with aggressive and violent behaviour (Meyer and others) (Res) 499

Sexual behaviour

- Brain response to visual sexual stimuli in homosexual pedophiles (Schiffer and others) (Res) 23

Sibutramine

- Implementing antiobesity treatment in a patient with a mood disorder (Taylor) (Psychopharm) 555

Smoking

- Chronic nicotine treatment induces rat CYP2D in the brain but not in the liver: an investigation of induction and time course (Yue and others) (Res) 54
- Is fetal brain monoamine oxidase inhibition the missing link between maternal smoking and conduct disorder? (Baler and others) (Rev) 187

Smoking cessation

- Smoking cessation: the psychiatrist's role (Delva) (Psychopharm) 480

Social behaviour

- The neurobiology of human social behaviour: an important but neglected topic (Young) (E) 391

Social perception

- Visual processing of social context during mental state perception in schizophrenia (Green and others) (Res) 34

Stress

- Implication of the polyamine system in mental disorders (Fiori and Turecki) (Rev) 102
- Relation of maternal stress during pregnancy to symptom severity and response to treatment in children with ADHD (Grizenko and others) (Res) 10
- Variable cortisol circadian rhythms in children with autism and anticipatory stress (Corbett and others) (Res) 227

Stress disorders

- Advances in neurobiology assessment and treatment of female-specific mood disorders (Steiner) (E) 289

Stress disorders, post-traumatic

- The neural networks of inhibitory control in posttraumatic stress disorder (Falconer and others) (Res) 413
- Rostral anterior cingulate volume predicts treatment response to cognitive-behavioural therapy for posttraumatic stress disorder (Bryant and others) (Brief) 142

Suicide

- Do antidepressants really work? (Blier) (E) 89
- Implication of the polyamine system in mental disorders (Fiori and Turecki) (Rev) 102
- Serotonin receptor subtype and p11 mRNA expression in stress-relevant brain regions of suicide and control subjects (Anisman and others) (Res) 131
- Serotonin_{2A} receptor binding potential in people with aggressive and violent behaviour (Meyer and others) (Res) 499

-T-**Telomere**

Short telomeres in patients with chronic schizophrenia who show a poor response to treatment (Yu and others) (Brief) 244

Tobacco

Smoking cessation: the psychiatrist's role (Delva) (Psychopharm) 480

Tomography, emission-computed, single-photon

Frontal lobe hypoperfusion and depressive symptoms in Alzheimer disease (Levy-Cooperman and others) (Res) 218

Transmission

Predictive saccades are impaired in biological nonpsychotic siblings of schizophrenia patients (Amado and others) (Res) 17

Treatment

Premenstrual dysphoric disorder: burden of illness and treatment update (Pearlstein and Steiner) (Rev) 291

Treatment outcome

Do antidepressants really work? (Blier) (E) 89

-V-**Varenicline**

Smoking cessation: the psychiatrist's role (Delva) (Psychopharm) 480

Venlafaxine

Combined antidepressants and CBT for panic disorder with agoraphobia (Coupland) (Psychopharm) 176

Visual perception

Visual processing of social context during mental state perception in schizophrenia (Green and others) (Res) 34

-W-**Weight loss**

Implementing antiobesity treatment in a patient with a mood disorder (Taylor) (Psychopharm) 555

Women

Advances in neurobiology assessment and treatment of female-specific mood disorders (Steiner) (E) 289

Women's health

A new female-specific irritability rating scale (Born and others) (Res) 344
